About This Collection

Step into a blocky yet seductive realm where Hornet, the princess of a far-away kingdom, sheds her silks for a revealing Minecraft-style makeover. From Silksong-inspired poses to Herrah's teasing presence, every image pulses with horny female energy. This gallery blends Hollow Knight's dark, anthro arthropod charm with hi-res, explicit scenes—boasting big breasts, a big ass, and thick thighs, all framed by black nipples and no-pupil gaze. Explore the full erotic display and uncover Hornet's secret-life now via the link above!
